Skills

- Test Framework Development
- Java
- JavaScript
- TypeScript
- Selenium
- Cypress
- Playwright
- API Automation
- Microservices
- Data Structures
- SQL
- Jenkins, GitHub Action, CircleCI
- postman
- TestNg, Cucumber
- GitHub/GitLab

Education And Training

07/2015

B.tech:

Biju Patnaik University Of Technology

Odisha

Languages

Oriya: First Language

English: C2

Proficient (C2)

Hindi: C2

Proficient (C2)

Debajyoti Mohapatra

Summary

Goal-oriented and self-driven SDET with over 7+ years of industry experience. Expertise in developing, maintaining, and executing automation scripts. Highly productive and consistently striving to stay well-versed with the latest automation technologies and best practices.

Experience

Happiestminds Technologies - TEST MODULE LEAD

Bangalore

12/2018 - Current

- Enhanced Selenium framework by implementing a hybrid strategy, resulting in a 30% reduction in overall execution time.
- Improves engineering productivity by adding scalable automation testing support, building release tools, and analyzing metrics in both pre-production and production pipelines.
- Developed and maintained end-to-end testing frameworks using Cypress and Playwright.
- Collaborate with developers on technical review design document for fair system understanding.
- Triage the flaky tests/failures, do an RCA, and then take action. Involve in code reviews and help improve the code quality and coverage.
- Taking high ownership of test activities for feature delivery, responsible for signing off on the features with quality and 100% automation.

Capgemini - Associate Consultant

Bangalore

05/2017 - 11/2018

- Worked closely with the development team to design and develop an Automation Framework and its integration with Jenkins and GitHub.
- Converted manual functional and regression scripts to automated scripts.
- Involving in framework development, enhancement work, test script development, and execution.
- Used test case enumeration and test design techniques to have extensive coverage for the test cases.
- Being a fresher grad, I learned the QA process in depth and implemented end-to-end testing.

Accomplishments

- Got Excellence Award and Customer Happiness twice in HappiestMinds, given for extraordinary performance in a quarter. Got Rising Star Award in Capgemini Coordinator and Problem setter for the annual technical/coding fest of my college
